(EL) One Deployable SOF Tactical C2 Command Post (CP) – (SOCC) for SJO

(established in November 2018)

For Public Release

DESCRIPTION

The project aims to develop and operate one combined deployable Special Operations Forces (SOF) Tactical Command & Control (C2) CP for Small Joint Operations (SJO). This entity will cover European Capability shortfall requirements in the medium term according to the Progress Catalogue 2018 (PC 18). Greece is currently developing a SOCC, based on the development of NATO Special Ops Component Command for SJO Ops (SOCC-SJO). This project addresses several development gaps including Training, Organisation, Materiel and Interoperability.

OBJECTIVES/PRODUCTS

The project objective is to develop and operate one combined deployable Special Operations Forces (SOF) Tactical Command & Control (C2) CP for Small Joint Operations (SJO). This entity will cover European Capability shortfall requirements in the medium term according to the Progress Catalogue 2018 (PC 18).

INDICATORS

Project Execution Year (PEY) and Project Completion Year (PCY):

DELIVERABLES ACHIEVED

- Technical Agreement
- 2020: Greece and Cyprus conducted the definition study of the operational requirements “equipment and materials” of SOCC.
- 2022:
 - Submission of proposals from three consortia for the EDF-2022-DA-C4ISR-SOFC2, which directly related to “EL-0581-One Deployable SOF Tactical C2 Command Post (CP) – (SOCC0 for SJO (2.6.7)” PESCO Project.
 - Consultation on the Initial Harmonised Defence Capability Requirements (IHDCR) between the Member States and the consortia.
- 2023: Selected for €20 million funding according to the results of the EDF WP 2022.

CRITERIA FOR SUCCESS

- A combined deployable Special Operations Forces (SOF) Tactical Command & Control (C2) CP for Small Joint Operations (SJO) available for the pMS taking into account:
 - a) Achievement of additional EU funding
 - b) Implementation of the timeline
 - c) The operational requirements to be fully understood and translated in the industrial terms by industry.
- Prototype leads to production and acquisition by all EU project members.
